---

WORK EXPERIENCE

361° Sport | GlobalFeet, Dubai, UAE **Nov 2025 – Present**

Frontend Developer & E-Commerce

- Develop and maintain a production **e-commerce platform** using **Next.js, React, TypeScript, and Tailwind CSS**.
- Improved website performance, reducing **page load time** from **56s to 12s** through frontend **optimization**.
- Develop **reusable React components and responsive interfaces** for key e-commerce workflows.
- Integrate **REST APIs** and manage product, pricing, inventory, and variant data.
- Troubleshoot **payment, checkout, API, and production** issues.
- Implement **coupon, discount, and sale-product** functionality.
- Improve **technical SEO and website performance** using **Google Search Console** and frontend optimization.
- Perform **QA, debugging, and cross-device testing, while supporting Amazon and Noon** product operations.
- Maintain **local and staging environments** and troubleshoot configuration, API, and deployment issues.

Oro Media Lab Private Limited, Bengaluru, India **OCT 2023 - JUL 2025**

Front-End Developer

- Developed responsive websites and web applications using **React, Next.js, JavaScript, HTML, CSS, and Tailwind CSS**.
- Built **reusable components and responsive UI** for desktop, tablet, and mobile.
- Integrated **REST APIs** to develop dynamic, data-driven web experiences.
- Created interactive interfaces and animations using **GSAP and Swiper.js**.
- Developed and customized **WordPress** websites using **Elementor and ACF**.
- Optimized websites for **performance, responsiveness, and cross-browser compatibility**.
- Debugged and resolved **frontend, UI, and functional issues** across projects.
- Used **Git and GitHub** for version control and collaborative development.

PROJECTS

Personal Developer Portfolio

Next.js | Tailwind CSS | GSAP

- Designed and developed a responsive developer portfolio using Next.js and Tailwind CSS.
- Implemented GSAP animations and optimized the website for performance and responsive experiences.

POF Rental Platform

React | Tailwind CSS

- Developed responsive rental platform interfaces using React and Tailwind CSS.
- Built reusable components with a focus on responsive design and user experience.

Mobile Repair Business Website

Next.js | Tailwind CSS | Swiper.js

- Built a responsive business website using Next.js and Tailwind CSS.
- Implemented a functional contact form and interactive image slider with Swiper.js.
